## SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid in the blood, which affects the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive process. Hood's Karsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and improves the digestion. Don't suffer. Get Hood's today.

## Through Sowing Wheat.

Ardmore, Okla., Nov. 3.—The two weeks clear weather has allowed practically all of the farmers to finish sowing wheat. Though some farmers say that the wheat sown late does not do well, many farmers here maintain that the wheat sown late is the best wheat grown in this part of the state. Corn has been coming in now for the last ten days, and the crop is exceptionally good this year. The acreage is not so large, but the quality is good and the yield large.

Regulate the bowels when they fail to move properly. JEROLINE is an admirable bowel regulator. It helps the liver and stomach and restores a fine feeling of strength and buoyancy. Price 50c. Sold by Bomar Drug Co.

## Will Lose Big Pay Roll

Francis, Okla., Nov. 3.—About thirty heads of families will be transferred from Francis if the Frisco railroad of fees are moved from here. Although no official announcement has been made here that the train dispatcher's and the superintendent's office will be moved from Francis, there has been such a rumor current in local railroad circles. The railroad pay roll here amounts to about \$2,000 a month.

## Buying Feeders.

Ardmore, Okla., Nov. 3.—Within the last week, six different farmers and cattlemen in this vicinity have gone to the markets and bought from one to three carloads of cattle to feed during the coming winter. More cattle are being fed near Ardmore each year and this part of the state is becoming noted for the cattle wintered and sold. There is lots of feed in the country, and many more farmers are going to buy cattle to feed.

## SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Lustre and Abundance.

Gray hair, however handsome, denotes advancing age. We all know the advantage of youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't play gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it dandruff the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

A republican is to be ambassador to Mexico, and it must be admitted that is just the right place for a republican.

## \$100 Reward \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system, thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Cheney & Co., Toledo, Ohio. Sold by all Druggists, 75c.

## PRESIDENT OPENS CAMPAIGN FOR DEFENSE

New York, Nov. 4.—President Wilson will open his campaign for his national defense program in a speech before the Manhattan Club of New York tonight. It will mark Mr. Wilson's first public utterance on the subject since he approved the plans prepared by Secretary of War Garrison and Secretary of the Navy Daniels. The president will, there is no doubt, disclose the reasons he will urge upon congress why the United States should be more adequately prepared to defend itself. There is considerable speculation as to whether he will throw down the gauntlet to William Jennings Bryan at this time, also to the other extreme pacifists who have already announced publicly their opposition to increased military expenditures.

If Col. Roosevelt choose to us all the hyphens to which his lineage entitled him, he would have a larceny apply.

## RAILROADS HAULING MORE FREIGHT NOW

OCTOBER REPORTS TO LINES ENTERING ST. LOUIS SHOW A LARGE INCREASE—GREAT DEMAND FOR CARS.

St. Louis, Nov. 3.—Phenomenal freight movement, indicating a great increase in the business of the country, is indicated in the October reports of the trunk railways which have their general offices in St. Louis.

The freight movement on the Missouri Pacific-Iron Mountain for October, 1915, was the heaviest in the history of the road, exceeding by 2,243 loaded cars the number of cars handled in October, 1914. The total number of loaded cars received from open line shippers and from connections during October, 1915, was 210,258, and the car movement, counting as a separate movement the shifting of a car from one division to another, was 451,658. This number nearly four times the number of initial car movements, indicates that the long haul traffic was heavy. Not until October were the car movements for a single day 16,000. Last month, however, on four days the 16,000 mark was passed.

The month culminated Oct. 26 with a total loaded car movement of 16,636. Reports for twenty-eight days in October showed that the St. Louis & San Francisco handled 4,888 more loaded cars than for the entire month of October, 1914 and 1915.

The October traffic movement of the Missouri, Kansas & Texas, however, showed a decrease over that of October, 1914. This was attributed to the fact that the cotton movement has been late and also the grain movement from the southwest. This tardiness is attributed to exceptional market conditions.

The Wabash reported a gain of \$200,000 in traffic earnings for September, 1915, over September, 1914.

## Demand for Cars Growing

While there is no car shortage, it was pointed out that there is a steady and growing demand for cars both to move own line traffic and from other roads which are calling for their cars to take care of the increased traffic which seems general throughout the country. It is considered noteworthy that while the October grain movement is not phenomenal and in some sections is late, the general traffic movement for October is record breaking. The area shipments from the west have been unusually heavy, and the freight movement from east to west largely of manufactured goods has shown a great increase. Emphasis at Missouri Pacific headquarters was placed on the statement that the net freight earnings would not show the increase that the gain in traffic movement would indicate. This is attributed to the freight rates which the railroads still consider too low.

## URIC ACID SOLVENT

For Rheumatism and Kidney Trouble.

50-CENT BOTTLE (25 DOSES) FREE

Just because you start the day worried and tired, stiff legs and arms and muscles, an aching head, burning and bearing down pains in the back, warm out before the day begins do not think you have to stay in that condition. Those sufferers who are in and out of bed, half a dozen times at night, will appreciate the rest, comfort and strength our treatment gives. For every form of bladder trouble, including pain or weakness, its action is really wonderful. Be strong, well and vigorous, with no more pains from stiff joints, sore muscles, rheumatic suffering, aching back, or kidney or bladder trouble. The Williams Treatment cures kidney and bladder diseases, rheumatism and all uric acid troubles, no matter how chronic or stubborn. If you have never used the Williams Treatment, we will give you one 50-cent bottle (25 doses) for your own use free. Contains no alcohol or habit-forming drug. Does not affect the heart. Send this notice with your name and address, and we will help pay distribution expenses. To The Dr. J. C. Williams Company, Dept. 2247-D, New Post Office Block, East Hampton, Conn. You will receive by parcel post a regular 50-cent bottle (25 doses), without charge and without incurring any obligations. This bottle only to a family or address.

It will be observed that the prospective mistress of the White House doesn't propose to enter it until after the fall house-cleaning is over.

## METHODIST CONFERENCE AT ALTUS

FORMALLY OPENED BY BISHOP MURRAH. MANY NOTABLES PRESENT. ARDMORE PASTOR PRESENTS GIFT.

Altus, Okla., Nov. 3.—The West Oklahoma Conference of the Methodist Episcopal church, south, was called to order in the Methodist church here Wednesday morning by Bishop W. B. Murrah, of Memphis, Tenn.

Every train for the past two days has been crowded with ministers and delegates and Altus is busy taking care of the Methodists. R. B. Battenfield of Pauls Valley, was elected secretary for the fifth time at the morning session and the organization of the conference was completed by the noon hour. One of the features of the morning session was the address of welcome by C. E. Hall, county attorney of Jackson county. It was chiefly through Mr. Hall's efforts that the conference was arranged to meet here. Bishop Murrah made the response. Various standing committees were elected upon nomination of the presiding elders. These committees do a large part of the hard work of the conference, threshing out the knotty questions that come up, and doing an immense amount of routine work.

## Bishop Minister Preaches

Wednesday afternoon Rev. Wilmore Kendall of Arcadia preached the sermon to a large audience. Although Rev. Kendall is blind he is a magnetic speaker. Dr. Frank Barrett of St. Luke's church, Oklahoma City, delivered a sermon of great power on Christian education. The bishop and his cabinet were in session Wednesday afternoon working on the appointments. A large part of the ministers are just completing their first year and are not expecting to be transferred.

A pleasant feature of the morning session was the presentation to Rev. John D. Salter, presiding elder of the Ardmore district, of a handsome traveling bag. This gift was from the twenty odd preachers in his district and was presented by Dr. M. L. Butler of Ardmore.

## Notables Present

Among the visitors attending the conference are Dr. O. F. Sensabaugh of Dallas, formerly presiding elder of the Oklahoma City district; Rev. Emmett Hightower of Georgetown, Tex., field secretary of the general Sunday school board of Nashville, Tenn.; Mr. Lewis Blaylock, publisher of the Texas Christian Advocate at Dallas, and Rev. J. W. Rogers, presiding elder of the Vinita district of the East Oklahoma conference.

Bishop Murrah announced Wednesday morning that Bishop Edwin D. Mounseon of Dallas, Texas, had agreed to preside at the East Oklahoma conference which meets in Muskogee next week. This arrangement was made because Bishop Murrah's work at this time is particularly heavy. He presided over the Memphis conference beginning November 17. Bishop Mounseon is well known and much loved among the Oklahoma Methodists, having visited the state often during his two years episcopal supervision of the Oklahoma conference.

In spite of the late cotton crop which it was thought would materially affect finances, the ministers' reports indicate considerable gains over last year. Ministers' salaries are larger and have been more nearly paid and the contributions to other causes show an increase over former years. The seven presiding elders made verbal reports of their work to the conference at the morning session and every district showed gains along all lines.

## GET RID OF THOSE POISONS IN YOUR SYSTEM!

You will find Dr. King's New Life Pills a most satisfactory laxative in releasing the poisons from your system. Accumulated waste and poisons cause manifold ailments unless released. Dizziness, spots before the eyes, blackness and miserable feeling generally re indications that you need Dr. King's New Life Pills. Take a dose tonight, and you will experience grateful relief by morning. 25c.

Having provided Carranza with arms and ammunition, the next problem is to prevent Villa from taking them away from him.

In damp, chilly weather there is always a large demand for BALLARD'S SNOW LINIMENT because many people who know by experience its great relieving power in rheumatic aches and pains, prepare to apply it at the first twinge. Price 25c, 50c and \$1.00 per bottle. Sold by Bomar Drug Co.

## NOVEMBER 4 IN HISTORY

1874.—The finding of large nuggets in the South African gold fields was attracting many to Cape Town.  
1912.—Serious scandal threatened in Chicago stock yards.  
1914.—President of France plans conference with Generals Kitchener and Joffre on battle front.

## New Districts Created

Muskogee, Okla., Nov. 3.—The commissioners' districts of Muskogee county were quietly "made over" Wednesday by the board of county commissioners, with the result that the city of Muskogee is divided in the middle and placed in two of the districts. Dissatisfaction with the present arrangement whereby Muskogee is not represented on the board and the argument that Muskogee city pays 67 per cent of the taxes in the county and is entitled to two-thirds representation is responsible for the change.

## BANDITS KEEP RAFTS SUNK IN RIO GRANDE

MEXICAN ARRESTED, TELLS HOW THEY MANAGE TO CROSS RIVER. RIFLES BURIED NEAR BY. MANY ARRESTS MADE.

Brownsville, Texas, Nov. 3.—An interesting side light as to the operations of Mexican bandits is said to have been disclosed by a Mexican arrested Sunday by military authorities and turned over to civil officers. This Mexican, who is alleged to have been a member of the band that wrecked the passenger train several weeks ago took American soldiers to a point on the bank of the Rio Grande, about ten miles above Brownsville, and revealed a sunken raft large enough to transport thirty men across the river. The raft was sunk down on its end and weighted. By cutting a cord it was released and came to the surface.

The same man also revealed buried in the ground near the bank of the river about a dozen rifles, protected by placing boards on top and beneath. When dug up the rifles were badly rusted. Some ammunition also was found in the same place. The cartridges had turned green.

## Took Soldiers to Sunken Raft.

This Mexican was arrested by soldiers along with another on information of a third Mexican. They were encountered on a road by soldiers who first passed them and later decided they looked suspicious. They were brought to Brownsville. They feared they would be killed, but when told they would not, they felt easier and one then told of the sunken raft, saying he would take soldiers out and show them where it was sunk.

On reaching the place the soldiers asked him how deep it was. He said very deep. He did not want to enter the water, but upon insistence of the soldiers, jumped in, and went up to his neck. He then dived under and released the raft. Authorities believe there may be other rafts of the same

## WATCH SORE THROATS

because swollen glands or inflamed membranes often affect other tissues and lung trouble easily follows.

As Nature's corrector of throat troubles the pure cod liver oil in Scott's Emulsion is speedily converted into germ-resisting tissue; its tested glycerine is curative and healing, while this wholesome emulsion relieves the trouble and upbuilds the forces to resist tubercular germs and avert the weakening influence which usually follows.

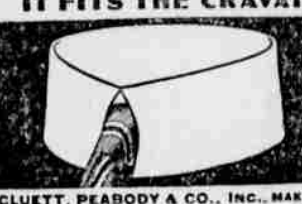

If any member of your family has a tender throat, get a bottle of Scott's Emulsion today. Physicians prescribe it to avert throat troubles, overcome bronchial disorders and strengthen the lungs. No alcohol or harmful drugs. Always insist on Scott's. Scott & Bowne, Bloomfield, N. J.

construction placed at different points along the river to permit escape after raids.

## Many Mexicans Arrested.

Civil authorities say they are making progress in apprehending men alleged to be connected with bandit raids. Arrests are being made almost daily, and although the number of prisoners on hand has not increased above nineteen or twenty, due to the fact that some suspects have been released, they believe they are well on the way to break up at least the gang that was implicated in the train wreck. Many of these arrests are due to the confession of Chano Flores, a man alleged to have been connected with the train wrecking band. Many members of this band are said to be on the Mexican side, thus out of officers' reach. The band is said to include sympathizers of all factions in Mexican troubles.
